Glucosamine and MSM is an effective supplement combination that helps support maximum flexibility, range of motion and joint lubrication.* Together, this powerful duo promotes healthy cartilage and collagen development that support fluid joint movement.*

Glucosamine is a basic building block for cartilage, synovial fluid and other connective tissues, which are needed for healthy structure and function of joints.*

MSM (Methylsulfonylmethane) is a natural source of sulfur and works in conjunction with Glucosamine to provide the building blocks of collagen, an important component of healthy joints and connective tissue.* Clinical research shows MSM increases Glucosamine's effectiveness.*

Noticeable improvement in flexibility and range of motion should be expected after taking this supplement as directed on a consistent basis.*

SUGGESTED USE: Take two (2) tablets daily with a full glass of water, preferably after a meal.

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

KEEP OUT OF REACH OF CHILDREN. THIS IS A FOOD, NOT A DRUG. Contains 90 Tablets. Each Tablet Contains 1,500 mg of MSM and 1,500 mg of Glucosamine HCl.
