Digestive Advantage®

PROBIOTIC SURVIVES STOMACH ACID 100x BETTER*

**Fast Acting
Enzymes**

- Supports Breakdown of Hard-to-Digest Carbohydrates*
- Helps Prevent Gas*

**Daily
Probiotic**

- Helps Reduce Bloating & Abdominal Discomfort*

40 CAPSULES

DIETARY SUPPLEMENT

Directions

Adults: Take one (1) capsule daily with water before problem foods. Some individuals may require taking two (2) or more capsules daily depending on intake of problem foods. **Do not take more than three (3) capsules daily.**

Children 8 years and over: For children it is recommended that one (1) capsule be opened and contents mixed into food or drink.

Upon initial use, it may take 7 to 14 days for you to feel the product working. Consistent, daily use is needed to maintain results.

To Support Overall Digestive Health,
Choose **Digestive Advantage®**
Fast Acting Enzymes + Daily Probiotic!*

Digestive Advantage Fast Acting Enzymes Plus Daily Probiotic contains powerful ingredients. The Enzymes help you break down hard to digest carbohydrates, while the Daily Probiotic helps lessen abdominal discomfort and bloating while helping to reduce occasional diarrhea.* Together, this will allow you to see short-term and long term digestive benefits*

Why Digestive Advantage?

Many probiotics don't survive through the stomach acid. Digestive Advantage does; it survives through the stomach's harsh environment 100x better than leading probiotics & yogurt.†

Why does Digestive Advantage survive?

The unique probiotic, BC30, that is used only in Digestive Advantage, is naturally protected by a layer of protein. This protection allows it to survive through the stomach's acid. It can then reach the intestines where you need it most in order to promote digestive and immune health.*

Enjoy the Benefits

- Fast acting enzymes
- Helps stop intestinal gas before it starts*
- Promotes long-term digestive health with continued use*
- Just one capsule daily

Schiff®

Digestive Advantage®

Fast Acting Enzymes

Daily Probiotic

Survives 100x Better*

Studies reveal that the single strain of probiotic used in Schiff® Digestive Advantage® survives 100x better than other probiotics and yogurts to deliver good bacteria where you need it.†

GUARANTEED: No added sugar (sucrose, fructose), salt (sodium chloride). No artificial flavors.

GUARANTEED: for purity, freshness and labeled potency.

†Based on median % survivability of **Digestive Advantage®** vs. probiotic supplements and 19 probiotic yogurts in simulated gastric pH for 2 hours. Survivability and delivery of probiotic cells to the small & large intestines is one of several factors influencing overall product effect.

If pregnant, breastfeeding, or on medication, consult your physician before using this product.

KEEP OUT OF REACH OF CHILDREN.

Always consult your pediatrician before giving your child dietary supplements. Galactosemics – Consult your physician.

Do not use if carton is damaged or if printed seal on blister is broken or missing. Store in a cool, dry place and avoid excessive heat. Gluten Free.
