KEEP OUT OF REACH OF CHILDREN.

Always consult your pediatrician before giving your child dietary supplements.

Do not use if carton is damaged or if printed seal on blister is broken or missing.
Store in a cool, dry place and avoid excessive heat.

Digestive Advantage® targets your specific digestive health needs and, with continued use, gives you long-term digestive support.* That's because **Digestive Advantage®** contains **BC³⁰**, a natural probiotic that survives 100x better than yogurt to deliver good bacteria where you need it.*

Digestive Advantage® Lactose Defense Formula provides two powerful ingredients to support your digestive health: lactase and **BC³⁰**, a natural probiotic. Lactase aids in the digestion of lactose. If not broken down, lactose can cause gas, bloating and occasional diarrhea. Lactase and **BC³⁰** help digest lactose and promote overall digestive health.*

Probiotics are beneficial bacteria that live in your digestive tract and promote digestive and immune health. Many other probiotics don't survive the harsh acidic stomach environment. Because the probiotic

in **Digestive Advantage® Lactose Defense Formula** reaches your intestines alive, it is able to provide digestive and immune health benefits where you need it.*

Enjoy the Benefits

- Helps break down lactose and defend against digestive upset*
- Fast acting enzymes
- Simple and convenient to use
- Promotes long-term digestive health with continued use*

Schiff

Digestive Advantage®

Lactose Defense Formula*

Survives
100x Better*

Studies reveal that the single strain of probiotic used in **Digestive Advantage®** survives 100x better than leading probiotics and yogurt so it can deliver good bacteria where you need it.*

GUARANTEED for purity, freshness and labeled potency.

*Based on median % survivability of **Digestive Advantage®** vs. leading probiotic supplements and 19 probiotic yogurts in simulated gastric pH for 2 hours. Survivability and delivery of probiotic cells to the small & large intestines is one of several factors influencing overall product effect.
