

Muscle Feast Essentials w/ PoolEAA™ is designed to support “amino acid pooling”, which allows your body the most efficient groupings of key amino acids to meet your individual needs. Essential amino acids or EAAs can help decrease post exercise soreness, stimulate muscle growth, and assist in maintaining lean mass during periods of calorie restriction.*

SUGGESTED USE:

As an adult dietary, supplement take 1 - 2 servings with each meal or 2-3 servings during caloric restriction. Individuals engaged in intensive training or weigh over 200lbs should consume at least 2-3 servings.
