

"The quality, therapeutic concentration, and affordability of a nutritional product can, and often does, mean the difference between lethargy and energy, sickness and health, and, quite literally, life and death. I don't want anyone to be tired, sick or dead because they could not obtain or afford the best possible product. Loyalties can be divided. I want to make it clear where mine lies. My loyalty is to those who want to thrive, and those whose life situation requires them to thrive. My loyalty is to the end user. My loyalty is to you. In my life now, and one day when I look back upon my life, that will have value is one incomparable to any amount of money, investors, or fame."

- Dr. Janelle Sheridan (Naturopath, Doctor of Holistic Medicine, Herbal Medicine Researcher)

Green foods are perhaps the most healing foods on the planet, and the single most important addition to a diet you can make. They are foundational. For over 26 years, I have deeply and passionately immersed myself full time into providing the best possible foundation. My deepest passion is for the Earth and all of its inhabitants to be healed on a core level. Mother Nature gives us the substances we need for healing. It is my life path duty and my great honor to assemble them for you. **Compromise is not an option. Hypo is nothing. Substance is everything.** Vitamineral Green™ is the best possible green food that I can offer. Every ingredient, including how it is grown and processed, is therapeutic. It is an extremely potent and comprehensive array of nature's most nutritive and cleansing superfoods, grown and processed to maximize their

benefits. Contains a full spectrum of naturally occurring, absorbable and non-toxic vitamins, minerals, all the essential amino acids (protein), antioxidants, chlorophyll soluble and insoluble fibers, tens of thousands of phytonutrients, and a plethora of other synergistically bound, organic nutrients. Contains no synthetic or isolated nutrients (not excreted as expensive yellow urine or stored as toxic deposits). Vitamineral Green™ is Actual Food™.

EcoFresh NutrientLock™. Our dark glass with our unique metal lid and oxygen absorber protects 100% of nutrients (creates a vacuum). Glass is recycled/recyclable, does not outgas and is non-toxic to melt down. Plastic bottles and metal/foil pouches (worst & not recyclable) dramatically degrade nutrient levels. Plastic outgasses & is highly toxic to melt down.

100% TruGanic™. Since the USDA now owns Organic, pesticides and other poisons are allowed on and in Organic products under many circumstances! Pure foods like probiotics, enzymes, zeolite, charcoal, bentonite, wildcrafted herbs and many superfoods are NOT considered organic, even if grown organically and 100% verified free of pesticides, GMO, and irradiation. TruGanic™, on the other hand, is NOT for sale to anyone at any price! It is a pure, hard-core quality standard significantly beyond Organic standards, with much more stringent criteria and actual verification via testing that Organic does not have.
