

Description: **BioPro 30** contains a blend of 5 select probiotic strains in an acid-resistant capsule to support intact delivery to the intestinal tract. The probiotic strains in **BioPro 30** were specifically selected based on their stability and positive effects on digestive function, immune system health, and balance of healthy intestinal flora.*

Suggested use: As a dietary supplement, take 1 capsule per day away from food or as directed by a healthcare professional

Warnings: If pregnant or breastfeeding, consult with your healthcare provider before use.

Storage: Does not require refrigeration. For best results keep at stable temperature 75°F and under

Tamper seal: Sealed for your protection. Do not use if seal is broken or missing.
