

Acute Phase is designed to provide highly targeted nutritional support for patients who may benefit from muscle tissue support and minor pain relief. Featuring premium-grade proteolytic enzymes, targeted herbal extracts, and essential minerals, Acute Phase is the ideal nutritional component for the first three days of a healthcare practitioner-supervised acute care program.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

Each Packet Contains

2 tablets **Inflavonoid Intensive Care** (yellow-orange), 4 tablets **Protrypsin** (ivory), and 2 tablets **MyoCalm** (greenish grey).

DIRECTIONS: Take one packet three times daily between meals or as directed by your healthcare practitioner.

CAUTION: If pregnant or nursing, or taking medication, consult your healthcare practitioner before use. Do not use if there is a prior history of or a current peptic or duodenal ulcer. Use with caution when driving or operating machinery; may cause drowsiness. Keep out of the reach of children.

STORAGE: Store in a cool, dry place.

Formulated to Exclude: Wheat, gluten, corn protein, soy, nuts, tree nuts, fish, crustacean shellfish, colors, artificial sweeteners, and preservatives.
