The NATURELO Difference

Our Hydrolyzed Collagen contains Digestive Enzymes such as Amylase, Cellulase, Lipase, and Protease for improved absorption. We've also added Organic Spirulina to further boost the amount of important Protein Amino Acids such as Glycine and Proline. Spirulina is also a good source of Copper, which is critical for the formation of Collagen. Taken with your favorite drink, our Collagen Peptides Powder provides natural support for your skin, hair, and joint health.*

Helpful Tip: Collagen Peptides may clump in cold water. To enjoy Collagen Peptides in cold liquid, simply mix into room temperature liquid first and then add ice.

Storage Information: Store in a cool (<77°F), dry place. Keep lid tightly sealed. Do not expose product to excessive light, heat, or moisture.

Caution: Keep out of the reach of children. As with any dietary supplement, consult a healthcare practitioner prior to use. Do not exceed recommended daily intake. Do not use if seal is damaged or missing.

Note: The daily serving of 7.5 grams per scoop is an average. Individual scooping technique may yield slightly less or slightly more than 7.5 grams. This product is packaged by weight, not by volume. Settling of the powder occurs over time which may reduce volume, but weight remains the same. Variations in aroma, color, taste and solubility may occur.
