Mfg. in an FDA Registered Facility using Good Manufacturing Practices (GMPs)

Keep tightly closed. Store at room temperature: 59°-86°F (15° to 30°C). **KEEP OUT OF REACH OF CHILDREN.**

According to the American Heart Association, coronary heart disease (CHD) is the single largest killer of American males and females. About every 29 seconds an American will suffer a coronary event, and about every minute someone will die without being hospitalized. Most of these are sudden deaths by cardiac arrest, usually resulting from ventricular fibrillation. Utilizing the most recent studies, our Healthy Heart formula contains a blend of ingredients that nutritionally supports healthy cardiovascular function.*

Conforms to USP <2091> for weight. Meets USP <2040> disintegration for maximum bioavailability.

CAUTION: If you are pregnant or nursing, consult your physician before taking this product.
