

Boost your inner strength. As we age, our body's ability to produce the key structural protein in cartilage tissue, Collagen Type 2, slows down. But thanks to science and our Collagen Joint Complex, you can fight this common sign of aging.* Using hydrolysis to convert large collagen molecules into small peptides, our Collagen Joint Complex can provide joint and cartilage support.* Science for the win.

SUGGESTED USE: To support your inner strength, take four (4) capsules daily.

NOTICE: Use this product as a food supplement only. Do not use for weight reduction.
