

Methyl Form of B-12 for Optimal Utilization†

Methylcobalamin is considered the active form of vitamin B-12 and may be better utilized than other forms. A water-soluble vitamin, B-12 is essential for proper energy metabolism, nerve and mental function, red blood cell formation and cardiovascular health.† Our **Methyl B-12 1,000 mcg Lozenges** provide this superior form in a convenient, tasty, berry flavored lozenge.

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish.

Store in a cool, dry place.

We Guarantee Our Supplements for Potency and Purity
To report a serious adverse event, call 1-888-710-0006
