

100% PHARMACEUTICAL GRADE ESTROGEN SUPPRESSING ANTI-AROMATASE FORMULA

Magnum E-Brake® is a powerful anti-aromatase compound that decreases estrogen in your body at lightening speed. Estrogen production is the product of the aromatase enzyme, which converts testosterone into estrogen. Like the e-brake in a high performing vehicle, Magnum E-Brake® is specifically formulated to slow estrogen production with extreme precision.

MAGNUM® STACKS

The Magnum® Research & Development Team has created products that work synergistically to enhance results.*

MAGNUM OPUS® is best stacked with:

WARNING: Do not use if you are under 16 years of age, pregnant or nursing. Consult your physician before use if you have a medical condition or are taking any prescription drugs.
