

Women's Pro-Daily delivers a formulated dose of probiotics that is designed specifically for a woman's vaginal, urinary, digestive, and immune health.[†]

SUGGESTED USE: Take two (2) capsules daily, preferably with a meal, or as directed by your healthcare practitioner.

FOR MAXIMUM BENEFIT: Take up to four (4) capsules per day, preferably with a meal, or as directed by your healthcare practitioner. Because our probiotic uses delayed-release capsules, do not chew or crush. Our capsules help ensure the maximum amount of probiotics reach your intestinal tract.

If you are pregnant, nursing, or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Not intended for use by persons under the age of 18.
