Liquid Iron Supplement

If you have any questions concerning your child's supplement needs, please consult your child's physician.

Although nutrition improvement have significantly reduced the incidence of iron deficiency, the condition continue to affect many young children.*

One daily dose of Pediatric Iron drops has 100% DV of iron for infants and 150% DV for children age of 1-4 Years.

These Iron Drops are vegetarian, gluten-free, lactose-free and contain no artificial colors.

Temporary discoloration of the teeth due to liquid iron supplements can be minimized by thorough brushing. While taking iron, stools may appear darker in color.

This is normal and there is no cause for concern.

* This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

SAVE THIS CARTON FOR FULL LABELING INFORMATION.
Use only with enclosed dropper
