

NEPRINOL® is a proprietary combination of systemic enzymes including serrapeptase, nattokinase, bromelain, papain, and lipase. These enzymes were specifically formulated to support a healthy inflammatory response (From overexertion from exercise), and support the body's normal fibrin removal process.* As we age, fibrin may accumulate within the bloodstream.* **NEPRINOL** may help maintain normal fibrin levels, blood viscosity, and joint health.*

SUGGESTED USE: Take Neprinol with 8 oz of water on an empty stomach, or as directed by your healthcare practitioner. Larger amounts may be divided into 2 or 3 doses per day.*

MAINTENANCE: 2-3 Capsules per day.*

INCREASED SUPPORT: 4-6 Capsules per day.*

THERAPEUTIC: 9 Capsules per day.*

WARNING: Do not take this product without the consent of your physician if you are currently taking anti-coagulants or if you are pregnant or nursing.

Neprinol utilizes phthalate-free Acid Armor capsules which have enteric properties that protect the enzymes from stomach acid without the use of chemicals and plastics commonly found in traditional enteric coatings.*
