DESCRIPTION

Folic-K Capsules is an orally administered prescription vitamin formulation for the clinical dietary management of suboptimal nutritional status in patients where advanced folate, vitamin B supplementation, and maintenance of good health is needed.

CONTRAINDICATIONS

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

WARNINGS AND PRECAUTIONS

Folic-K Capsules should only be used under the direction and supervision of a licensed medical practitioner.

Use with caution in patients that may have a medical condition, are pregnant, lactating, trying to conceive, under the age of 18, or taking other medications.

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B12 is
