

Many Asian cultures exhibit superior cardiovascular health in comparison to average US adults, which is widely attributed to a diet higher in natural food-based enzymes.* The Japanese have consumed a dish known as Natto for centuries which contains the heart healthy enzyme nattokinase.* **NATTOVENA**® is the world's strongest pure-nattokinase product on the market, rated at 4,000 fibrinolytic (fibrin-dissolving) units of activity per capsule.* **NATTOVENA** supports circulatory and heart health by supporting normal Fibrin levels.* Fibrin is a protein that develops in excess as we age and plays a significant role in our health and general well-being.* **NATTOVENA** is a powerful blood-cleansing enzyme, formulated to help maintain normal cardiovascular health.*

SUGGESTED USE: Take Nattovena with 8 oz of water on an empty stomach. Higher doses may be divided into 2 or 3 servings per day, but it is recommended to not exceed 9 capsules in any 24-hour period unless otherwise directed by a healthcare practitioner.*

MAINTENANCE: 2 Capsules per day.*

INCREASED SUPPORT: 4 Capsules per day.*

THERAPEUTIC: 6 Capsules per day.*

WARNING: Do not take this product without the consent of your physician if you are currently taking blood thinning medications or if you are pregnant or nursing.
