RAW Probiotics™ The Next Generation of Digestive Health¹

Garden of Life introduces **RAW Probiotics™**—an innovation that goes Beyond Probiotics—whole food probiotic formulas providing 30+ powerful probiotic strains, along with probiotic-created cofactors including vitamins, minerals, enzymes, antioxidants and prebiotics. RAW means our probiotics are uncooked, untreated, unadulterated; with no binders or fillers and no carriers such as maltodextrin or dextrose.

Original Probiotics

Inspired by the Father of Probiotics, Elie Metchnikoff, **RAW Probiotics™** provides probiotic strains found in Bulgarian Yogurt and Eastern European Wild Kefir—as recommended by Metchnikoff based on his study of Bulgarian longevity in the early 1900s and the probiotic-rich cultured dairy they consumed. **RAW Probiotics™** provides RAW fruits and veggies sourced directly from the region where Metchnikoff made his probiotic discoveries.

RAW Digestion Trilogy

In addition to **RAW Probiotics™** be sure to try **RAW Enzymes™** and **RAW Fiber™**—some of the highest quality, most complete enzyme and fiber formulas available.
