

DIRECTIONS: Take two capsules with meals, twice daily, or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if tamper seal is damaged. The labeling on this product does not comply with California's Proposition 65. Therefore, this product may not be sold in California.

Calcium Hydroxyapatite Chelated Magnesium contains Ossopan, a well-researched, standardized extract from one of the world's safest premium sources of bone. Ossopan contains microcrystalline hydroxyapatite concentrate (MCHC), a complex crystalline compound containing calcium, phosphorus, bioactive growth factors, type I collagen, amino acids, glycosaminoglycans, and a broad range of essential trace elements that naturally comprise healthy bone. Calcium Hydroxyapatite Chelated Magnesium contains additional calcium and magnesium in the form of highly absorbable Albion® minerals. Vitamin D₃ in the form of cholecalciferol, supports intestinal calcium absorption and homeostasis in the body and completes the comprehensiveness of this bone-support formula.*
