

Everybody knows apple cider vinegar has a long history of use. But, the taste of it can be a little hard to take. Now, there's Solgar® Apple Cider Vinegar plus Vitamin B12 Gummies—all the benefits you want...without the unpleasant taste.

What exactly is vinegar? It's the product of careful fermentation. Fermentation is a process where sugars in food are broken down by "good" bacteria and yeast. First the sugars become alcohol and then they become vinegar. While vinegar can be made from lots of different fruits, vegetables and grains...apple cider vinegar is made from pulverized apples.

Why should you choose Solgar® Apple Cider Vinegar Gummies? They're made with unfiltered, liquid apple cider vinegar sourced from US grown apples. Plus, they contain Vitamin B12 to support energy metabolism.* And best of all, they're from Solgar...the gold standard in vitamins.

The benefits of apple cider vinegar and Vitamin B12. Delicious raspberry pomegranate flavored. All the quality you expect from Solgar. That's Solgar® Apple Cider Vinegar plus Vitamin B12 Gummies.
