Description: Off-white to pale yellow, speckled, orange flavored, hexagon shaped chewable tablet. Do not use "SCI" on one side and "1003" on the other. **Active ingredients:** Fluoride as Sodium Fluoride (NaF) 2.2 mg. **In active ingredients:** Xylitol, microcrystalline cellulose, malic acid, citric acid, talc, magnesium stearate, natural orange flavor, sucralose.

Dosage and Administration: One tablet daily. Dissolve in mouth or chew before swallowing, preferably at bedtime after brushing teeth. **Overdose:** Prolonged daily ingestion of excessive fluoride will result in varying degrees of fluorosis.

Caution: Do not eat or drink dairy products within one hour of fluoride administration. **WARNING: KEEP THIS AND ALL**

MEDICATIONS OUT OF REACH OF CHILDREN. IN CASE OF

ACCIDENTAL OVERDOSE, SEEK PROFESSIONAL ASSISTANCE OR CONTACT A POISON CONTROL CENTER IMMEDIATELY. This

product is not recommended for children under age 4. Adverse

Reactions: Allergic rash and other idiosyncrasies have been rarely reported. **Storage:** Store in a cool, dry place at a controlled room temperature 20° - 25°C (68° - 77°F); excursions permitted to 15° - 30°C (59° - 86°F). Store in original container. Dispense in a tight,

light-resistant container with a child-resistant closure as defined in the USP-NF. All prescription substitutions using this product shall be pursuant to state statutes as applicable. This is not an Orange Book product.
