Description: Prenatvite RX Tablet is an orally administered prenatal dietary supplement and should be administered under the supervision of a licensed medical practitioner.

See package insert for full prescribing information.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this out of reach of children. In case of accidental overdose, call a doctor or product poison control center immediately.

CAUTION: High levels of folic acid may, especially in older adults, hide signs of Vitamin B-12 deficiency (such as pernicious anemia), a condition that can cause nerve damage.

Store at 15°-30° C (69°-86° F). [See USP Controlled Room Temperature.] Protect from light and moisture. Dispense in a tight, light-resistant container. Notice: Contact with moisture may produce surface discoloration or erosion.

Call your licensed medical practitioner about side effect. You may report side effects by calling **AUM 1-631-524-5758**.
