

NEXT GENERATION ZMX²

ALLMAX has achieved maximum absorption levels with Next Generation ingredients like P5P (Vitamin B6 in the advanced Pyridoxal-5-Phosphate form) delivering 550%, and ionically-bound Zinc Gluconate at 200%.*

Magnesium is notoriously difficult for the body to absorb. Advanced ZMX² uses fully Chelated Magnesium.

Magnesium, Zinc and Vitamin B6 are absolutely essential to hard training athletes.* Old School ZMA was good in its day; but ZMX² is a next generation supplement using the latest technology in elemental chelation.

ZMX² uses only naturally-derived rice flour, bran and concentrate to bind the nutrients in a Vegan Capsule to ensure that you are getting none of the typical excipients found in other ZMA products. Gluten-Free and Vegan; ZMX² is a product you can feel good about.
