Understanding Coconut Oil

Coconut oil has been used for generations due to its versatility in contributing to a balanced lifestyle. The most abundant fatty acid in coconut oil is lauric acid. Coconut oil includes the component medium chain triglycerides (MCTs). It has not been additionally processed or refined, making it one of the most highly sought-after ingredients on the market today!

With Collagen & Biotin

Collagen is an abundant structural protein found in connective tissues such as skin, while biotin was added to this formulation for hair, skin and nail support.[†]

Powerful Weight Loss

Purely Inspired® Coconut Oil + Weight Loss provides 200mg of added green coffee bean extract per serving for weight loss results.^{††}

Backed by 2 Scientific Weight Loss Studies

*Average weight loss with the key ingredient (200mg of green coffee bean extract) was 10.95 lbs. in a 60-day study with a low-calorie diet, and 3.7 lbs. in a separate 8-week study with a calorie-reduced diet and moderate exercise.[†]

"I highly recommend Purely Inspired® weight loss products to effectively help people lose weight."
