WARNINGS: Do not take within 2 hours of taking oral tetracycline antibiotics, since oral iron products tend to interfere with absorption of tetracycline. May cause gastrointestinal discomfort, nausea, constipation or diarrhea. If you are pregnant or nursing a baby, seek advice of a health professional before using this product. U.S. Consumer Product Safety Commission requires that iron-containing medicine and vitamins with iron be packaged in child-resistant closures. Parents should always use properly re-secure safety closures.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. Keep this product out of reach of children. In case of accidental overdose, call a doctor or poison control center immediately.

Storage: Store at 20° - 25°C (68° - 77°F)[see USP Controlled Room Temperature]

You may report side effects by calling 1-844-221-7294.
