

Fisol

Enteric-Coated Fish Oil

Targeted Release™

Enteric-Coated Fisol™ for Targeted Release™

FISOL's unique, enteric-coated softgels withstand stomach acid to release fish oil directly into the intestinal tract. This ensures you get the benefits of fish oil, but without the negative side effects commonly associated with many uncoated fish oil products.

- ✓ No fishy burp-back
- ✓ No digestive discomfort
- ✓ No fishy breath

Guaranteed Purity

FISOL contains premium, cold water fish oil that is:

- ✓ Molecularly distilled
- ✓ Tested for PCBs, heavy metals (including mercury) and other impurities

Actual Size

NEW! CLEAR-COATED SOFTGEL

Mega Potency Omega-3s

FISOL™ contains a pure, highly concentrated, cold water fish oil with 50% omega-3 essential fatty acids:

- 30% EPA (eicosapentaenoic acid)
- 20% DHA (docosahexaenoic acid)

Helps Reduce the Risk of Coronary Heart Disease

Supportive but not conclusive research shows that consumption of EPA and DHA omega-3 fatty acids may reduce the risk of coronary heart disease (see nutrition information for total fat content).

Additional Benefits

Research confirms the important role of omega-3 fatty acids in maintaining healthy blood triglyceride levels already within the normal range, plus supporting the heart, skin and joints.*

Sustainable Source

FISOL supports ocean ecosystems by using sustainable source fish from Alaskan waters.
