

Chaga Gold™ is a unique blend of cultivated and wild crafted Chaga. Wild Chaga is harvested for the maximum beneficial properties like antioxidants, phyosterols and betulinic acid (triterpenes) that naturally occur in the wild Chaga. While cultivating enhances the polysaccharides and 1-3,6 beta glucan levels. This unique blend of cultivated and Wild Chaga combination supports optimum immunity, cardiovascular, intestinal, liver, healthy cholesterol and blood sugar levels.† Chaga Gold™ is Full Spectrum MycoProduct™ the best 100% pure Chaga mushroom product available today. Guaranteed to contain more than 300mg of polysaccharides (60%) in every capsule and made by the world's largest producer of medicinal mushrooms - 100% satisfaction guaranteed!

Suggested Use: 1-3 capsules twice daily. As with any supplement, if you are pregnant, nursing, or taking any medication, consult your healthcare provider before use.
