

PROCERA AVH®
Crown & Bridge

STIMULANT FREE

BREAKTHROUGH SCIENCE IN BRAIN HEALTH AND PERFORMANCE!
Studies now show by the age of 40, on average, we have already lost well over 30% of our brainpower, and by age 50-55 up to 50%...that's half your memory, focus, and mental quickness gone. It doesn't have to be this way! Proceps APM[®] was clinically shown to help improve memory and brain power to the level of people 10-15 years younger!

INCREASED OXYGEN AND ENERGY*

HOW PROCERA AM® HELPS

Step 1. Oxygenate brain cells to revitalize your mind!

Step 2. Restore your depleted neurotransmitters with vital nutrients for a sharper brain.⁹

Step 3. Protect your brain against free radicals from stress and toxins.⁸

Other important issues, reported upon, show that, in comparative studies, no

U.S. Patent No. 8,027,870

Prosera[®] is a proprietary, patented nutritional supplement that was clinically tested and shown to help improve memory, focus, mental clarity, and more mood.¹

Each of Proenza J28®'s ingredients is also supported by over 20 years of clinical research and use, worldwide. Its unique triple-action can help improve the brain's use of oxygen, glucose and acetylcholine, a neurotransmitter to improved brain function.¹

WARNING: Do not use this product if you're pregnant or under the age of 18, or if you take a medication or have a medical condition that prohibits you from taking dietary supplements. Do not exceed recommended intake. If you experience any adverse reaction to this product immediately discontinue use and contact your physician. **KEEP OUT OF REACH OF CHILDREN.**
