

Nicknamed "The Pro Creator," Hany Rambod has been constructing championship-winning physiques for over 20 years while using his ground-breaking FST-7 training system. Rambod prides himself on bringing only quality innovations to his customers around the world. The formulations within the Evogen Nutrition supplement line are crucial to the success of any ultra-intense training program because of their effect on muscle growth, repair, and muscle volume.†

When it comes to quality amino acids, Evogen Nutrition has always set the standard when it comes to pure fermented sources with their introduction years ago. At Evogen, there is a commitment to quality which is why we use the all new **BIOferm QA™** fermented branch chain amino acids from vegan sources in AminoJect. This revolutionary formula is packed with not only BCAA's, but also glutamine and betaine to accelerate recovery with unheard of speed. Would you expect anything less from The Pro Creator® Hany Rambod? Evogen has created a whole new ultra-premium BCAA category with the introduction of AminoJect. Feel and taste the AminoJect difference.†

DIRECTIONS: As a dietary supplement mix 1 level scoop [16g] of AminoJect with 6-8 oz. of cold water. AminoJect can be consumed before training, between meals, while training, and post-workout to boost your muscle repair and recovery.†
