

ULTIMATE YOUTH

With 46 powerful fruits and vegetables, including wheat grass, spirulina, chlorella, dulse, blueberry and cranberry, this fiber-rich, mineral-rich green food contains powerful antioxidants and Probiotics to fortify your immune system.

Ultimate Youth™ is comprised of green superfoods formulated to provide your body with the nutritional elements essential for optimal health.

Green foods, such as spirulina, wheat grass juice, and cracked cell chlorella, contain the nutrients our bodies require, working as a buffer against the excesses of environmental toxins, while superfoods pack the dual power of the sun and earth's natural energy in their very essence, allocating it abundantly and requiring very little for digestion and assimilation!

As we rid our diets of processed foods and red meat, and integrate more green foods, fresh vegetables, and fruits, green superfoods become the valuable bridge for the body to make necessary transformations.
