

UltraClear Plus® is formulated to provide enhanced, specialized support for balanced metabolic detoxification, including macro- and micronutrients to address liver function. This formula features glycine and L-cysteine to help support Phase II liver detoxification. Green tea catechins and beta-carotene provide protection against potentially harmful compounds generated during the natural liver detoxification process. Provided in a base of 13 g OptiProtein® (10 g of intact rice protein plus 3 g of added amino acids)—which may benefit liver function during metabolic detoxification—this formula provides well-rounded nutritional support.*

Directions: Shake canister before scooping. Blend, shake, or briskly stir about 2 level scoops (44 grams) of UltraClear Plus into 8 fluid ounces of chilled water or juice twice daily or as directed by your healthcare practitioner. For highly sensitive individuals, consider reducing consumption to ½ to 1 scoop with 4 to 5 ounces of chilled water or juice twice daily during the first 3 to 4 days before starting a full daily dose.

Warning: Excess vitamin A intake may be toxic and may increase the risk of birth defects. Pregnant women and women who may become pregnant should not exceed 3,000 mcg of preformed vitamin A (retinyl palmitate) per day unless instructed to do so by a healthcare practitioner.

Caution: Do not use if pregnant or nursing. If taking medication, please consult your healthcare practitioner before use. Keep out of the reach of children.

This product is non-GMO and gluten-free.

Tamper Evident: Do not use if safety seal is missing or broken.

Storage: Keep tightly closed in a cool, dry place.
