

Cal Apatite® with Magnesium provides advanced, bioactive support for healthy bone mineralization with microcrystalline hydroxyapatite concentrate (MHC)—a calcium-rich, bone-derived supplement that provides a full spectrum of highly absorbable macro- and trace minerals, Type 1 collagen protein, the intact portion of bone, and bioactive bone growth factors. Cal Apatite with Magnesium features an exclusive, freeze-dried MHC that ensures higher levels of intact bone growth factors than other MHC formulas. This unique formula provides optimized levels of vitamin D and a blend of three forms of magnesium designed to be bioavailable to achieve a 2:1 calcium to magnesium ratio for comprehensive musculoskeletal support.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

DIRECTIONS: Take three tablets daily or as directed by your healthcare practitioner.

CAUTION: Keep out of the reach of children.

Formulated to Exclude: Wheat, gluten, corn protein, soy, dairy products, nuts, tree nuts, fish, crustacean shellfish, colors, artificial sweeteners, and preservatives.
