Recent medical studies have found that DHA is especially important during pregnancy and lactation. During pregnancy, DHA supports healthy brain and immune function in moms and promotes healthy brain, vision, and nervous system development in growing babies.* When taken after pregnancy, DHA can help enhance the quality of breast milk.* A single **Mother's DHA** soft gel provides 500 mg of DHA to meet the growing health needs of mom and baby.

✓ **Gluten-free**

✓ **No Artificial Preservatives**

PURITY GUARANTEED

This product is regularly tested by independent FDA registered laboratories. It has been determined to be fresh and fully potent (per AOCS international protocols) and is free of detrimental levels of mercury, cadmium, lead, PCBs and 28 other contaminants.
