Carlson. Providing the finest
Norwegian omega-3s since 1982

Salmon is some of the best fish we can get through our diet. However, most of us don't eat enough salmon weekly to obtain the recommended amount of omega-3s, which is why a supplement can be a great option. Each serving of **Norwegian Salmon Oil** provides 500 mg of omega-3s, including EPA and DHA, which support heart, brain, vision, and joint health.*

✓ **Gluten-free** ✓ **No Artificial Preservatives**
