

Caution: If you are pregnant, nursing, have diabetes or if you are taking prescription drugs, consult a health-care professional before use. While Similase® GFCF will reduce the level of reactive gliadin and gluten proteins in a meal, it is advised that celiac disease sufferers continue with their normal gluten exclusion diet as even small amounts of gliadin can cause adverse reactions in the most sensitized individuals.

For more information, please visit integrativepro.com.

Keep out of reach of children. Safety sealed with inner seal. Do not use if seal is broken or missing. Keep tightly closed. Store at room temperature. Avoid excessive heat and direct sunlight.

Contains no dairy, or artificial colors, flavors, or preservatives.
