

Cardiogenics® Intensive Care is a comprehensive heart muscle support formula that features extracts of hawthorn and arjuna (herbs with a history of traditional use supporting heart function), which help maintain blood pressure levels already in the normal range, possibly through assisting blood vessel dilation. Complementing these herbs is a blend of amino acids and minerals—including magnesium, potassium, and calcium—that play important roles in heart muscle function.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

DIRECTIONS: Take one tablet three times daily or as directed by your healthcare practitioner.

CAUTION: If pregnant or nursing, or taking medication, consult your healthcare practitioner before use. Keep out of the reach of children.

STORAGE: Keep tightly closed in a cool, dry place.

Formulated to Exclude: Wheat, gluten, soy, animal or dairy products, nuts, tree nuts, fish, crustacean shellfish, colors, artificial sweeteners, and preservatives.
