

Suggested Usage: As a dietary supplement, take 1-2 Vcaps® 2 to 3 times daily on an empty stomach or as directed by a health care professional. Best used at bedtime.

L-Tryptophan is an essential amino acid important in human nutrition for the synthesis of melatonin and serotonin, hormones regulating mood and stress response. L-Tryptophan helps support relaxation, sleep, positive mood and immune function.* As an essential amino acid, it is not synthesized by the body and must be obtained from the diet.

TAMPER EVIDENT: Do not use this product if imprinted foil seal under cap is broken or missing.

Mfg. in an FDA Registered Facility using Good Manufacturing Practices (GMPs)

Warning: Keep out of reach of children. Pregnant/lactating women, those taking anti-depressant medications (such as SSRI's or MAO's), or those with liver disorders, consult a health care professional before using this product. May cause drowsiness.
