

SulforaClear™ features Brassinase™—a unique combination of broccoli ingredients that supply standardized amounts of glucoraphanin and active myrosinase enzyme to help support sulforaphane production. Sulforaphane is a potent activator of the body's own antioxidant and detoxifying enzymes and is responsible for many positive health benefits associated with broccoli consumption.*

Directions: Take 1-2 capsules once daily, or as directed by your healthcare practitioner.

This product is non-GMO, gluten-free, and vegetarian.

Storage: Keep tightly closed in a cool, dry place.
