VOLCARN 2000 is our potent thermogenic Carnitine formulated to fuel performance while simultaneously breaking down fat stores and burning them off for energy. You will feel the powerful thermogenic effects within 30 minutes and will notice a rush of warmth overcome your body. This is the GBEEC (known as "Super Carnitine") kicking in. GBEEC works by increasing serum Carnitine levels, turning your body into an ATP activating fat burning inferno. Our formula packs a one-two punch and is also complete with an additional 2000mg of the most bioavailable form of Carnitine, to ensure that your ATP levels are maximized, prepping you for next level intense and vigorous workouts.
