CAUTION: As with any dietary supplement, you should consult your healthcare provider before use, especially if pregnant, nursing, have a medical condition, taking medications, or have known adverse reactions or allergies.

GET MORE SUNSHINE IN YOUR LIFE

Vitamin D is essential for healthy bones and teeth, muscle function, and immune support. Known as the "sunshine vitamin," it is naturally synthesized when unprotected skin is exposed to UVB sunlight. But lack of sun exposure can seriously increase risk of deficiency. Our high-potency supplement delivers 5,000 IU of natural, bioactive vitamin D3 to help restore depleted vitamin D levels without risky UVB exposure.*
