

**DIRECTIONS:** As a dietary supplement, take 1 scoop (5 grams) with liquid three times daily on an empty stomach. Dee Cee's Modified Citrus Pectin is a complex polysaccharide rich in galactosyl residues, derived from citrus fruits. Ordinary pectin is not absorbed due to its long molecular chain, but Dee Cee's is manufactured by a special process that results in a shorter molecular chain that is readily absorbed. This allows the body to utilize its important polysaccharide components. Our Modified Citrus Pectin is manufactured to GMP/ISO-9001 standards.

**TAMPER EVIDENT:** Do not use this product if imprinted foil seal under cap is broken or missing. Mfg. in an FDA Registered Facility using Good Manufacturing Practices (GMPs). Keep tightly closed. Store at room temperature 59°-86°F (15°-30°C). **KEEP OUT OF REACH OF CHILDREN.**

**NOTICE:** This product is sold by weight and not by volume. You can be assured of proper weight even though some settling of contents may occur during shipping and handling.

**CAUTION:** If you are pregnant or nursing do not take this product.
