Simply Right Vitamin C 500mg Chewable enhances the immune system.

Description

A powerful antioxidant which protects the body from cellular and tissue damage.*

- Vitamin C has many important healthy benefits including:
- Promotes a healthy immune system all year round*
 - Reinforces immunity during the winter season*
 - Helps maintain cholesterol levels that are already within the normal range*
 - Promotes collagen production, which is essential for healthy cardiovascular function*
 - Contributes to healthy gums and oral health*

When Vitamin C is combined with bioflavonoids also an antioxidant, the complementary effect is the body's enhanced ability to more effectively absorb the nutrients in the body.*

Specifications

- Enhances the immune system
- Superior antioxidant support
- Helps produce collagen
