

NOPAVERA MAX

This product was
manufactured in a GMP
approved facility.

Nopavera Max utilizes the proven synergistic blend of Nopavera Plus, boosted with a higher level of Turmeric, an additional enzyme complex, CBD, and BioPerine® to significantly increase the absorption of bioactive ingredients.

The advanced absorption capability is especially important as the human digestive system gradually decreases its ability to absorb nutrients over time. All of this allows Nopavera Max to have the maximum impact on inflammation, and the ultimate level of benefit to your health.

Suggested Use: Take one to two capsules per day, as needed. Two capsules can be taken at once. For best results, use just one capsule the first day, then use up to two per day if needed.

DIETARY SUPPLEMENT
