

Just Thrive® ultimate IgG is a dairy-free immunoglobulin (IgG) concentrate that supports healthy digestion and immune response, while maintaining microbial balance and healthy gut-barrier function. Unlike milk-derived immunoglobulins, Just Thrive® ultimate IgG is derived from bovine serum – making it free of lactose, casein and β -lactoglobulin.*

WHY IgG? Immunoglobulins (IgG) are proteins found in the blood and extracellular fluid that function as antibodies. IgG antibodies bind a variety of toxins and pathogens allowing the immune system to remove them from the body.*

DIRECTIONS: Ages 2+. Take 4 capsules daily with or without a meal, or as directed by your healthcare practitioner. **Do not use if safety seal is broken.**

CAUTION: If you are pregnant or nursing, taking any medication, have a medical condition, consult with your doctor before using this product. Keep out of the reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
