with Tolerase® G

Dietary Supplement | 90 Capsules

GlutnGo® provides the powerful enzyme Tolerase G (AN-PEP), a digestive enzyme that effectively break down residual gluten, designed to have optimal activity within the stomach's harsh conditions. In human trials, was shown to improve gluten digestion in healthy individuals, eliminating 90 percent of residual gluten within 10 minutes of ingestion.

This product is not intended to replace a gluten-free diet and is not suitable to treat or prevent celiac disease
