

MetaKids® Baby DHA & D3 features DHA to help support brain, vision, and nervous system development in babies. This formula also features vitamin D3—the most bioactive form of supplemental vitamin D, important for maintaining healthy bone structure and immune function in infancy.*

Directions: In children aged 0 to 1 year, give 1 mL once or twice daily or as directed by your healthcare practitioner.

Notice: Only administer product by mixing in either breast milk or water or apply directly to nipple. Do not insert dropper in infant's mouth. Make sure dropper is clean and dry before and after each use. Fill dropper to 1 mL marking prior to mixing with breast milk or water or applying to nipple. Take precautions that dropper does not come in contact with any surfaces and is clean before inserting dropper to bottle.

This product is non-GMO and gluten-free.

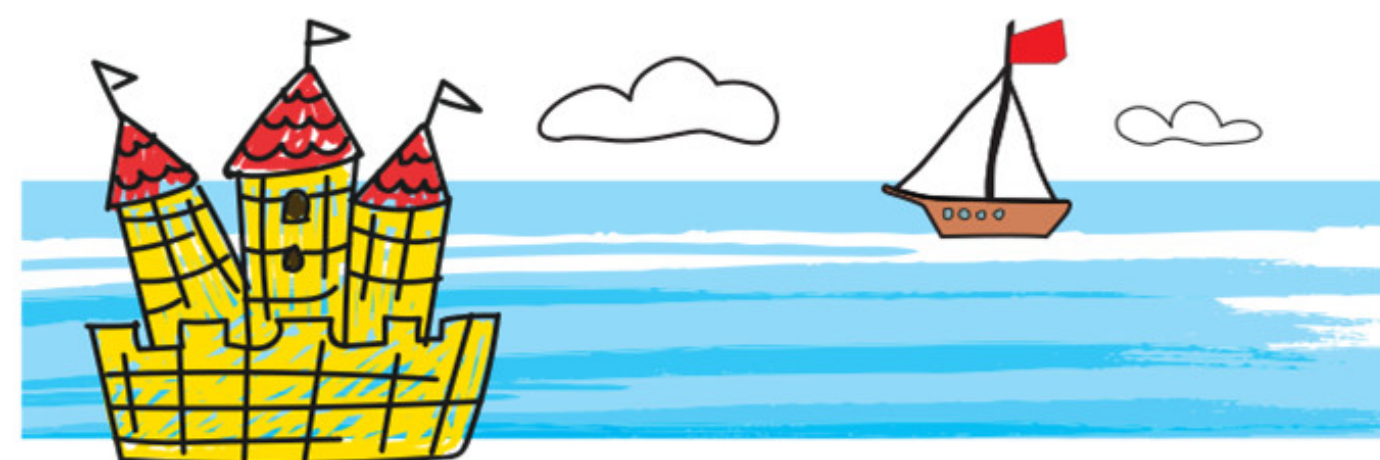

Caution: Keep out of the reach of children.

Storage: Refrigerate after opening and use within 90 days. Keep tightly closed with the original flat cap. This oil may become cloudy when refrigerated, which is normal and does not alter product efficacy.
