

NASCENT IODINE is a unique, highly bioavailable, atomic form of iodine. As a nutritional supplement it is associated with a wide range of benefits including supporting the thyroid, the immune system, hormone production and overall health.

SUGGESTED USE: Take 1-2 drops in 2 ounces of purified water 15 minutes before or one hour after food. May gradually work up to taking several times daily as needed or as recommended by a Health Care Professional. Store with cap tightly closed in a cool, dry place. Keep out of reach of children.

These statements have not been evaluated by the Food and Drug Administration (FDA). This product is not intended to diagnose, treat, cure or prevent disease.
