Fastest Body Fuel™
Same Day Recovery™
No Bloating*
No Crashing*

Vitargo® is the fastest, university-proven body fuel to power your performance and
recovery. Elite fueling for hard training is the ideal system to expand the boundaries
of human endeavor, sustain metabolic balance, and form a sculpted physique.

Our mission doesn't stop there. When you fully fuel your training you also support your
body's needs throughout the rest of your day. Our goal is to empower your desire to
train hard and meet the intense demands of a full life.

MIXING INSTRUCTIONS:

How to Mix:

In a shaker bottle with a whisk ball

WHEN to Take

Before, between, or during exercise/competition

- You can mix in your favorite non-carb supplements
(protein, pre-workouts, amino acids, electrolytes). Vitargo
rapidly empties from your stomach—bloat-free fueling!

After-training/competition

- Take 1 to 2 scoops as soon as possible after finishing.
Vitargo can be combined with your favorite post-workout,
zero/low carb supplements (like protein powder). For optimal
recovery follow supplementation with a nutrient-rich meal.

Scoop Guide

GENERAL CARBOHYDRATE GUIDELINES

1 scoop
per hour

Fuels moderate intensity exercise

2+ scoops
per hour

Fuels high intensity exercise
