

Twinlab Immune Support formula supports innate and adaptive defenses, the two major types of healthy immune function. Innate is your body's first line of defense while adaptive is targeted and includes antibodies and other specific immune cells. Contains vitamins C, D, K, Zinc, Selenium and our Proprietary Immune Support Blend.*

DIRECTIONS: Take two capsules once daily (preferably with a meal) or as directed by a healthcare professional.

WARNING: If you are pregnant or nursing, taking any medication, or have any medical condition, consult a healthcare professional before use. **KEEP OUT OF REACH OF CHILDREN.**
