

Tired of "lean" gainers that just make you fat?

Other companies load their so-called "lean" gainers with cheap carbs, while skimping on quality protein. That's a recipe for gaining fat.

Not Beverly. Bodybuilders, high school and college athletes, powerlifters and many others love Mass Maker Ultra's formula of top-quality proteins (four of them), clean carbs (like sweet potato and inulin) and healthy fats (from MCTs and coconut). That's because it helps them make lean muscle gains faster while fueling epic workouts and boosting recovery.* That's a recipe for excellence.

The best times to take MMU are first thing in the morning, after training and before bed. You can also use it as a meal replacement whenever you're too tired or busy to prepare a regular meal. It has a delicious flavor that you won't get tired of.

Are you a "hard gainer"? Then take our Multiple Enzyme Complex. It helps your body digest and absorb more of the protein and other nutrients in your meals.* The more you absorb, the better your gains.

Other ingredients: Mass Maker Multi-Stage Carbohydrate System (Maltodextrin, Tapioca Syrup Solids, Inulin (from chicory root extract), Waxy Maize, Sweet Potato), Non-dairy Creamer (Coconut Oil, Corn Syrup Solids, Dipotassium Phosphate, Sugar, Mono- and Diglycerides, Sodium Silicoaluminate, Polysorbate 80, Tetrasodium Pyrophosphate), Cocoa (processed with alkali), Taurine, Natural and Artificial Flavors, Medium Chain Triglycerides, Modified Food Starch, Sucralose, Acesulfame Potassium, Soy Lecithin

Contains: Milk, Soy, and Egg

Manufactured for: **Beverly International Nutrition, Inc**
Cold Spring, Ky 41076, USA
(800) 781-3475 www.Beverlyinternational.com

Important: Use this product as a dietary supplement only. Do not use as your only source of calories.

Use: To make a delicious shake:

- Pour 10 oz of cold water into a blender or the container of your choice.
- Add 2 scoops of MMU and blend or mix until the texture is smooth or as you desire it.
- Drink and enjoy!
- For a thicker, sweeter shake, reduce the amount of water slightly. Adding ice cubes when blending will also increase thickness.
- For a thinner shake, add more water.
- If you require more calories, simply add more scoops of MMU when preparing your shake. Add about 5 oz of cold water for each additional scoop.
- You may also add milk or cream and/or your favorite nut butter to increase the caloric value of your shakes.
